HOW TO USE THE PRODUCT DIRECTORY

Products are Kosher for Passover only when the conditions indicated below are met.

“P” Required - These products are certified by STAR-K for Passover only when bearing STAR-K P on the label.

/No “P” Required - These products are certified by STAR-K for Passover when bearing the STAR-K symbol. No additional “P” or “Kosher for Passover” statement is necessary.

“P” Required - These products are certified for Passover by another kashrus agency when bearing their kosher symbol followed by a “P” or “Kosher for Passover” statement.

No “P” Required - These products are certified for Passover by another kashrus agency when bearing their kosher symbol. No additional “P” or “Kosher for Passover” statement is necessary.

Please also note the following:

• Packaged dairy products certified by STAR-K are Cholov Yisroel (CY).

• Products bearing STAR-K P on the label do not use any ingredients derived from kitniyos (including kitniyos shenishtanu).

• Agricultural products listed as being acceptable without certification do not require a hechsher when grown in chutz la’aretz (outside the land of Israel). However, these products must have a reliable certification when coming from Israel as there may be terumos and maasros concerns.

• Various products that are not fit for canine consumption may halachically be used on Pesach, even if they contain chometz, although some are stringent in this regard. As indicated below, all brands of such products are approved for use on Pesach. For further discussion regarding this issue, see page 78.

**Q**
**QUINOA**
Quinoa is Kosher /Pesach and is not related to the five types of chometz grains, millet or rice. However, because there is a possibility that quinoa grows in proximity to chometz grains and may be processed in facilities that compromise its Kosher for Passover status, quinoa should be accepted only with a reliable Kosher for Passover approval. In addition, there have been infestation issues in many brands of quinoa. We recommend quinoa be checked prior to use. See instructions on page 69.

The following is certified by the STAR-K:
- Natural Earth (☆P Required)
See www.star-k.org/quinoa for more information.
