# Kosher for Passover Items That Do Not Require Kosher for Pesach or KFP Symbol

## Notes:
- A complete list of STAR-K Kosher for Passover products is available at star-k.org/passover.
- Agricultural products listed as being acceptable without certification do not require a hechsher when grown outside the land of Israel. Products from Israel must have a reliable certification, as there may be terumos, maasros, and Shemita concerns.
- Various products that are not fit for canine consumption may halachically be used on Pesach, even if they contain chometz, although some are stringent in this regard. As indicated below, all brands of such products are approved for use on Pesach.
