

PRODUCT DIRECTORY 2020

HOW TO USE THE PRODUCT DIRECTORY

Products are Kosher for Passover only when the conditions indicated below are met.

☆**"P" Required-** These products are certified by STAR-K for Passover only when bearing STAR-K P on the label.

☆**/No "P" Required-** These products are certified by STAR-K for Passover when bearing the STAR-K symbol. No additional "P" or "Kosher for Passover" statement is necessary.

"P" Required- These products are certified for Passover by another *kashrus* agency when bearing their kosher symbol followed by a "P" or "Kosher for Passover" statement.

No "P" Required- These products are certified for Passover by another *kashrus* agency when bearing their kosher symbol. No additional "P" or "Kosher for Passover" statement is necessary.

Please also note the following:

- Packaged dairy products certified by STAR-K are *Cholov Yisroel* (CY).
- Products bearing STAR-K P on the label do not use any ingredients derived from *kitniyos* (including *kitniyos shenishtanu*).
- Agricultural products listed as being acceptable without certification do not require a *hechsher* when grown in *chutz l'aretz* (outside the land of Israel). However, these products must have a reliable certification when coming from Israel as there may be *Trumos* and *Ma'asros* concerns.
- Various products that are not fit for canine consumption may *halachically* be used on *Pesach*, even if they contain *chometz*, although some are stringent in this regard. As indicated below, all brands of such products are approved for use on *Pesach*. For further discussion regarding this issue, see page 74.

Q

QUINOA

Quinoa is Kosher *L'Pesach* and is not related to the five types of *chometz* grains, millet or rice. However, because there is a possibility that quinoa grows in proximity to *chometz* grains and may be processed in facilities that compromise its Kosher for Passover status, quinoa should be accepted only with a reliable Kosher for Passover approval. In addition, there have been infestation issues in many brands of quinoa. We recommend quinoa be checked prior to use. See instructions on page 170 .
